

PROJECT

Exclusive Residential Complex in Mijas

Mijas, Málaga

Description

Alicante Spain Properties presents an exclusive residential complex in the charming Mijas, consisting of 48 homes that invite you to enjoy coastal living. With options including apartments, ground floors, and penthouses, each unit has been designed to optimize comfort and functionality. The properties offer stunning sea views, allowing residents to delight in the landscape from their home. Its strategic location just 38 km from the airport facilitates both vacation getaways and permanent residency. The exterior design of this development in Mijas perfectly integrates with its natural surroundings, offering outdoor relaxation spaces. The ground floor homes feature private gardens ideal for those seeking direct connection with nature. All properties have spacious terraces perfect for taking advantage of the sea views and the Mediterranean climate. The penthouses stand out for their private solariums, providing additional space for outdoor leisure. Each home has been meticulously designed with quality and interior comfort in mind. Available in configurations of 2 or 3 bedrooms with 2 bathrooms, these apartments are ideal for families or frequent visitors. The finishes include elegant porcelain stoneware floors and underfloor heating to ensure warmth during the cold months. The integration of modern appliances along with an advanced home automation system ensures an efficient and comfortable experience, while built-in wardrobes provide practical and aesthetic solutions. The common areas of the residential complex are designed to promote the well-being and enjoyment of its inhabitants. Spacious gardens create a green and serene environment, while a well-equipped community gym allows residents to maintain an active lifestyle without leaving the complex. The community pool offers...
