Luxury new development near the sea in Santa Ponsa

Santa Ponsa, Mallorca

Description

Exclusive new development for sale, consisting of just four luxury homes, located in the sought after enclave of Santa Ponsa, in the southwest of Mallorca. The development includes two first floor apartments and two duplexes, all of them designed with a contemporary architectural approach that prioritises spaciousness, light and the highest quality in every detail. All properties have three bedrooms, office, large terrace, two underground parking spaces, storage room and access to Mediterranean gardens, leisure area and a communal swimming pool. The interiors stand out for the use of noble materials such as marble, natural stone and oak wood. The homes are equipped with Italian designer kitchens, top-of-the-range appliances and an advanced KNX home automation system, which provides comfort and efficiency. It incorporates the latest technological innovations, such as the aerothermal system, external thermal insulation and underfloor heating, which guarantee high energy efficiency throughout the year. The complex is in an exceptional location, surrounded by nature, the sea and premium services: crystal clear beaches, golf fields, restaurants, exclusive stores and a prestigious yacht club, all within easy reach.
