

PROJECT

Residential in Calpe: Your New Home Near the Sea

Calpe, Alicante

Description

In the picturesque town of Calpe, there is an exclusive residential complex, consisting of 18 properties that Alicante Spain Properties makes available to you. With a privileged location just 1 km from the sea, these homes offer apartments, ground floors, and penthouses designed to maximize comfort. Each property features air conditioning, built-in wardrobes, and modern appliances that ensure a contemporary lifestyle. The elegant porcelain stoneware floors complete each space with durability and style. The outdoor areas are carefully planned to combine aesthetics and functionality. Each home has a private terrace that invites you to enjoy the outdoors with views of Calpe's unique natural surroundings. Some properties include a solarium, ideal for relaxing under the Mediterranean sun, while others offer private gardens that create a personal oasis at home. Strategically placed pergolas provide shade and sophistication to the outdoor spaces. The interior design stands out for its cozy atmosphere and practicality. Options vary between homes with 2 or 3 bedrooms, all equipped with 2 bathrooms to ensure privacy and family comfort. The modern kitchen facilitates daily tasks thanks to its current appliances, while the air conditioning provides comfort year-round. Built-in wardrobes optimize storage, and the porcelain stoneware floors add an elegant touch without sacrificing ease of maintenance. Residents can enjoy various common facilities designed for the whole family. A community pool offers refreshment on hot days, while the paddle court and gym allow for maintaining an active routine without leaving the complex. The landscaped areas are perfect for quiet walks, creating a serene environment around the home. For the little ones, there is a safe playground available where they...
