□□

In the heart of the charming region of Murcia, Alicante Spain Properties presents an exclusive collection of detached villas. This promotion features only three available homes, each designed to offer maximum comfort and privacy. With four bedrooms and three bathrooms, these houses are perfect for families who value space and functionality. Additionally, their location just 15 kilometers from the airport provides unparalleled convenience for frequent travelers. The exteriors of these villas stand out for their impressive design. Each property has a private garden ideal for enjoying the Mediterranean climate, while the terraces extend the available outdoor space. The pergola not only adds elegance but also provides shade during sunny days. For those who appreciate a refreshing dip at home, the private pool is an essential luxury. The interior of these homes has been meticulously designed with high-quality materials. The porcelain stoneware floors offer a modern and durable finish. The underfloor heating system ensures warmth during the cold months. The kitchens are equipped with premium appliances, and the advanced home automation allows for easy control of household functions. The built-in wardrobes in the bedrooms optimize storage stylishly. This residential complex in Murcia offers common areas designed for the whole family. The community gardens provide a perfect green environment for relaxation or socializing. The community pool is ideal for swimming under the sun in a safe setting, while the garage and communal parking ensure ample space for vehicles. A playground is specifically designed to entertain the little ones.
